THE COUCH HAS A MEDIA KIT

A press-ready guide to the JD Vance couch story, The Cushion Report, the Studies Desk, and the animal correspondents reporting from the nation's most upholstered beat.

THE SHORT PITCH

JustDanceVance is a satirical newsroom where Chesterfield "Chess" Loveseat and a staff of animal correspondents cover politics, culture, sitting life, and the enduring JD Vance couch story. The recurring Cushion Report pairs topical comedy with a year-round editorial calendar; the Studies Desk publishes fictional research reviewed by cats, dogs, and anyone still awake on the sofa.

"Headline-first satire, filed by animals with better instincts."

ABOUT JUSTDANCEVANCE

JustDanceVance is an independent satirical publication. Stories are comedy, fictional commentary, and parody; Studies Desk findings are not real research. The site's clarity about satire is part of the joke and part of the editorial standard.
